

## **IN THE CLAIMS**

1. (Currently Amended) A carton with an internal platform comprising:  
a sidewall surrounding around an interior;  
a bottom adjacent to the sidewall;  
a platform formed within the interior;  
at least one well form between the platform on the sidewall; ~~and~~  
a movable top flap to cover the interior;  
two opposing platform leg supports folded from the sides of the platform; and  
two opposing feet folded from the sides of the leg supports.
2. (Original) The carton of claim 1 wherein the carton is constructed of cardboard.
3. (Original) The carton of claim 1 wherein the carton is constructed of corrugated cardboard.
4. (Original) The carton of claim 1 wherein at least two wells are formed.
5. (Original) The carton of claim 1 wherein the platform is raised.
6. (Original) The carton of claim 1 wherein the raised platform is positioned between about 20 percent and about 70 percent of the height of the interior.
7. (Original) The carton of claim 1 further comprising two opposing movable side flaps each adjacent to the top flap.
8. (Cancelled)
9. (Original) The carton of claim 8 further comprising a platform stabilizing support folded from the front of the platform.

10. (Original) The carton of claim 1 further comprising a platform stabilizing support folded from the front of the platform.
11. (Original) The carton of claim 1 further comprising an upper support connecting the platform to the sidewall.
12. (Currently Amended) A carton formed from a foldable blank comprising:  
a sidewall;  
a bottom folded from the sidewall;  
an interior formed between the sidewall and bottom;  
a platform folded from the sidewall into the interior;  
two opposing leg supports folded from the platform, whereby the platform is raised;  
at least one well formed between the sidewall and platform; ~~and~~  
a top flap folded from the sidewall; and  
two opposing feet folded from the sides of the leg supports.
13. (Original) The foldable carton of claim 12 further comprising an upper support interposed between the sidewall and the platform, whereby the platform is connected to the sidewall.
14. (Original) The foldable carton of claim 12 further comprising side flaps folded from the sidewall to cover the wells.
15. (Original) The foldable carton of claim 12 a foldable closure flap extending from the top flap.
16. (Currently Amended) A unit dose carton comprising:  
a closeable carton structure with a foldable top flap;

a platform within the carton;

at least one well within the carton;

at least one liquid preparation placed in the at least one well; ~~and~~

at least one packet placed on the platform;

two opposing platform leg supports folded from the sides of the platform; and

two opposing feet folded from the sides of the leg supports.

**CONCLUSION**

Claims 1, 12 and 16 have been amended. Claim 8 was cancelled. No new matter has been added. Applicant requests prompt and favorable consideration by the Examiner of the now pending application.

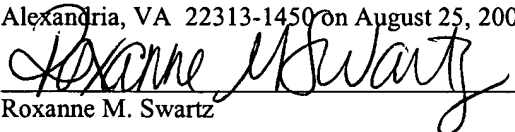

Respectfully submitted,

SONNENSCHN NATH & ROSENTHAL LLP
